an npr best book of the year new york times bestseller the washington post sportswriter and new york times bestselling author of the fascinating the wall street journal the real all americans presents a love letter to the extraordinary coaches and athletes she has covered over the years and the actionable principles of excellence they embody sportswriter sally jenkins has spent her entire adult life observing and writing about great coaches and athletes with her engaging and expert prose she

has helped shape the way we view these talented sports icons but somewhere along the line she realized they had begun to shape her now she presents the astonishing inner qualities in these same people that pushed them to overcome pressure elevate their performances and discover champion identities based on years of observing interviewing and analyzing elite coaches and playmakers such as bill belichick peyton manning michael phelps and more jenkins reveals the seven principles behind success conditioning practice discipline candor culture resilience intention discover how you can apply these same principles to your life and become your own champion colorful inspirational and accessible the right call is the one stop shop for anyone wanting to learn how to effectively elevate themselves to greatness

a wonderful book not just for basketball fans but for everyone earvin magic johnson ira berkow steps out from behind his new york times reporter s notebook to spin the wonderful and moving tale of his love for the game of basketball for his friends and family and for life itself his enduring passion for the hardwood began in his boyhood in chicago in the 1940s and 50s and has continued in pickup basketball with the same vigor and competitive fire of his youth often against opponents half his age to the hoop tells the story of a year in his basketball life as he resolves to enhance his game and stave off the ravages of time amidst a looming family tragedy here he runs the court with oscar robertson talks strategy with walt frazier and find fellowship and good humor across the country on playgrounds in gyms even in some of the world s most famous arenas ira berkow s poignant book transcends the game and approaches a kind of wisdom usually unavailable in writing about sports

with eleven championship rings to his name phil jackson is internationally recognized as one of the greatest coaches in the history of the nba known as a defensive disrupter and a master fouler during his early days as a new york knick and later celebrated as the zen master for his inspirational tactics as a leader jackson has had a long and storied career marked by constant self reflection and reinvention this is the man who led michael jordan and the chicago bulls to six championships kobe bryant and the los angeles lakers to five who was inducted into the basketball hall of fame and who retired in 2011 an official legend and the most sought after free agent coach in history as befits a legend jackson has written several candid insightful books about his life and career but now one of america s most respected sportswriters turns an unvarnished light

on jackson s strange and remarkable journey from his sheltered childhood and adolescence in montana and north dakota through his years playing at madison square garden to his experiences coaching jordan bryant and more of the greatest players of our time new york times bestselling author peter richmond has written a personal definitive revealing biography of a veritable sports genius and an american classic

maniacal fanaticism success slightly different is not a book about inspiration it s a sharp unflinching look at how high achievers actually operate and why talent charm and pedigree are wildly overrated dr imamu osei tomlinson award winning healthcare ceo draws from sports psychology and performance data to argue that greatness comes from a different place uncomfortable traits like doubt blame and obsession through vivid examples michael jordan s ruthless execution jerry rice s overlooked draft george gervin s improbable rise he shows how elite performance often grows from pressure not pedigree at its core is the maniacal fanaticism flywheel a four part cycle of motivation focus execution and reinforcement it s a framework not for feeling better but for doing better for business leaders athletes students and professionals tired of vague advice this book offers a new lens if you re seeking true personal growth elite performance and honest insight into motivation strategy this is your manual forget what you were told about success here s how it actually works

it s one of the thorniest management problems around dealing with unmotivated low performing employees it s easy to point the finger of blame at them but in most companies it s the reward system not the workforce that s causing poor attitudes and performance many reward systems actually discourage desired behaviors while rewarding the very actions that drive executives crazy in reward systems does yours deliver steve kerr describes the steps you must take to create an effective reward system clarify what you mean by performance in ways that help employees understand how they can support what you re trying to accomplish devise an effective performance measurement system that distinguishes between metrics used for control and those used for employees development design a reward system that motivates people to do what you want them to do while also meeting their needs to get the most from employees you don t need to add headcount upgrade your it capabilities or hire consultants you do need to develop the right reward system this book shows you how from our new memo to the ceo series solutions focused advice from today s leading practitioners
